

Free BBQ brings community together in Lomira

Together with Horicon-based Leroy Meats, Empeople Credit Union hosted a community appreciation event for over 200 people.

(Friday, July 25; LOMIRA, WISCONSIN) — Empeople Credit Union, which operates in Wisconsin as TSB Financial, a Division of Empeople Credit Union, hosted a free barbecue for credit union members and the community. More than 200 people attended the event, which featured free food from Leroy Meats and the opportunity to meet the local branch staff.

[Empeople Credit Union](#) acquired TSB Bank in November of 2024, and this event showcased the credit union's member- and community-first approach to doing business.

"After the acquisition, it was important to us that our members and the community see that Empeople will continue to show up for them," said Ryan Mueller, Wisconsin Market President.

In addition to events like this one, Empeople has partnered with local organizations throughout the summer to bring the community together and say thank you for the warm welcome to Wisconsin, from hosting an "Empeople Night" at the Fond du Lac Dock Spider's game to sponsoring the Mayville Gun Club's 12th Annual Tractor Pull.

Empeople began in 1935 as Deere & Company Credit Union and has had a presence in John Deere Horicon Works for more than three decades, but the acquisition of TSB Bank means that Empeople membership is now available to anyone in Dodge, Fond du Lac, or Washington counties.
